operations.

Full-Stack Developer, Sate Consult

Kumasi, Ashanti Region, Ghana - Jan 2023 - Current

- Led a team of developers in transforming UI/UX designs into functional, high-quality code, with a focus on React and Tailwind CSS for responsive and modern interfaces.
- Refactored and optimized existing codebases, improving performance, maintainability, and scalability.
- Designed and developed a comprehensive admin dashboard using React, seamlessly integrating it with backend APIs to enable efficient data management and reporting.

Contract Web Developer, Push-Link Consult Ltd

Koforidua, Eastern Region - Feb 2022 - Current

- Developed a full-stack online learning platform using a monolithic architecture with Laravel, Inertia.js, and React, delivering a seamless user experience for educators and learners.
- Built a full-stack web application empowering youth through mentorship, training, and career guidance, targeting 10 Technical Universities in Ghana using Laravel, Bootstrap, and MySQL.
- Redesigned and developed a business portfolio website, enhancing user experience and modernizing the interface with TypeScript, Next.js, and Material-UI.

Developer intern, Norgence Inc

Bolgatanga, Upper East Region - Oct 2021 - Oct 2023

- Designed and developed a Student Management System using PHP, MySQL, HTML, CSS, and JavaScript, streamlining administrative processes for educational institutions.
- Trained students in web development and computer programming, fostering technical skills and knowledge among learners.
- Mentored Junior High School students in basic computer usage as part of a mobile ICT lab initiative, promoting digital literacy at the grassroots level.
- Delivered a keynote speech on 'The Importance of Young Ladies in IT' at a company-organized seminar, advocating for diversity and inclusion in technology.

Notable Projects

Freelance Designer, Cross Platform App Developer | [Lets Recycle](#)

Koforidua Technical University, July 2022 - Sep 2022

- Led the design and development of a cross-platform mobile app using React Native, TypeScript, Expo, and Redux, delivering a seamless user experience across devices.

- Developed a RESTful API with Node.js, Express.js, and MySQL, enabling efficient data communication between the backend and the mobile app.
- Designed and implemented an admin dashboard using Next.js, TypeScript, and Material-UI, providing a modern and intuitive interface for managing app data and operations.

Lead Designer, Cross Platform App Developer | [Agro Plus](#)

Koforidua Technical University, Jun 2022 - Sep 2022

- Led the design and development of a cross-platform mobile app and dashboard using TypeScript, React Native, Redux, Expo, and NativeBase, delivering a seamless and scalable user experience.
- Developed a secure RESTful API with Node.js, Express.js, MySQL, and JWT authentication, enabling robust data communication and user management for the frontend mobile app.
- Designed and implemented an admin dashboard for monitoring and analytics using Next.js, TypeScript, and Chakra UI, providing a modern and intuitive interface for data visualization and management.
